

# Create Connect Music Workshops at Victoria Park Centre for the Arts

---

We are taking enrolments for Term 1 2021 for our music workshops for people with a disability.

This open music session is an opportunity for people to explore different instruments and play along to live music in a group environment. There is no formal training or experience required, all abilities welcome.

These sessions are facilitated by local talented musicians Merle and Louis, who both have a large amount of musical experience. Merle has been making music with people of varying abilities for 4 years now, in a one-on-one environment and in open group sessions.

**Workshop runs with each school term: Monday morning or Monday afternoon**  
**Cost: \$90 for complete Term 1 (*bookings essential*)**

Contact us to enquire: Victoria Park Centre for the Arts
