Please make your booking by calling/texting Michelle Culnane on **0404 926 381** or email michelleculnane17@gmail.com

Acrylic Painting : A fun Cactus in a 3D pot
9am — 12pm

In this class we will be painting a Cactus and learning how to make the Cactus look 3D. We will be adding our own designed flowers and they will have some glitter painted on them. We will also be learning how to paint the pot so it looks 3D using shadows. This is a fun and relaxing activity for students that are already in art class or for students who want to try something new.

The cactus will look beautiful in your home on the wall or make a great gift for your family.

Bookings are open - get in quick.

*The students can bring a snack with them during these sessions and a water bottle.
*Friends are also welcome to join even if they don't attend during term! Bring a friend and have fun together.

Keep being Creative, it's good for your mind.
