Acrylic Painting : A Snow Mouse and his house
12:30pm — 3:30pm

For this Christmas Art class we are painting a small mouse with his very cute mushroom house. We will be painting the mushroom house using a stencil the students will make. We will draw and paint our little mouse, complete with scarf.

We will be adding in the details and shadow and using some clear glitter glue on the snow. We will be learning how to draw the larger snow flakes. This is a very fun art session with a little extra attention to detail.

Students can dress up a bit Christmasy if they feel like it.

Bookings are open - get in quick.

*These classes are fun and relaxing. The students can bring a snack with them during these sessions and a water bottle.
*Friends are also welcome to join even if they don't attend during term! Bring a friend and have fun together

Keep being Creative, it's good for your soul.
